

REMARKS

Claims 1-11 are currently pending in the application. In the Final Office Action dated April 5, 2006, the Examiner rejected Claims 1, 2 and 11 under 35 U.S.C. §103(a) as being unpatentable over U.S. Patent No. 6,625,282 to *Liang* in view of U.S. Patent No. 6,016,347 to *Magnasco et al.* (hereinafter *Magnasco*) and further in view of U.S. Patent 5,978,689 to *Tuoriniemi et al.* (hereinafter *Tuoriniemi*). The Examiner rejected Claims 3-10 under 35 U.S.C. §103(a) as being unpatentable over *Liang*, *Magnasco*, and *Tuoriniemi* in view of "Specification of the Bluetooth System v1.0B," December 1, 1999 (hereinafter *Bluetooth Spec*).

Please amend Claims 1, 3 and 5-11 as shown herein. No new matter has been added.

The telephonic interview the Examiner granted to Applicant's counsel, Ryan C. Carter, Esquire, on June 14, 2006 is gratefully acknowledged. Discussed in the interview, in part, was an amendment to the claims to incorporate therein the specifics of the present invention as set forth in the embodiment of Figure 4 that, it is respectfully asserted, distinguishes over the cited art. Accordingly, Claims 1, 3, 5-9, and 11 have been amended herein to recitations from the specification related to Figure 4. It is respectfully submitted that the amendments to the independent claims render the present claims distinguishable over the combination of *Liang*, *Magnasco*, and *Tuoriniemi* as to the §103(a) rejection of Claims 1, 2 and 11, and distinguishable over said combination in view of *Bluetooth Spec*, as to the §103(a) rejection of Claims 3-10. Accordingly, withdrawal of the §103(a) rejection of Claims 1, 2 and 11, as well as the §103(a) rejection of Claims 3-10, is respectfully requested.

Independent Claims 1, 3, 5-9, and 11 are believed to be in condition for allowance. Without conceding the patentability per se of dependent Claims 2, 4 and 10, these are likewise believed to be allowable by virtue of their dependence on their respective amended independent claims. Accordingly, reconsideration and withdrawal of the rejections of dependent Claims 2, 4 and 10 is respectfully requested.

Accordingly, all of the claims pending in the Application, namely, Claims 1-11, are believed to be in condition for allowance. Should the Examiner believe that a telephone conference or personal interview would facilitate resolution of any remaining matters, the Examiner is strongly urged to contact Applicants' attorney at the number given below.

Respectfully submitted,

Paul J. Barrell
